ABOUT US

For over 20 years, we have been more than developers, we have been front runners of the luxury real estate market in Kenya. With a portfolio of more than 20 landmark projects in Kilimani, Lavington, Westlands and Kileleshwa, our work is defined by the link between design and structural permanence. We craft legacies that harmonize beautiful aesthetics with the quiet strength of longevity, providing value for the long term investors. We shape our buildings; thereafter they shape us.
